OVENS ACCESSORIES

Enamelled accessories ease preparation

Enamelled accessories make preparation in combi ovens even easier. You will benefit from using enamelled trays, grids and sheets to achieve perfect steaming, roasting and baking results. The non-stick coating QuanTanium® conducts heat which speeds up the cooking process considerably.

Moreover, you may save as much as 90 % of your consumption of fat and completely avoid pre-frying in a tilting frying pan. Thus, you save time and money every single day.

Even cleaning becomes easier due to the non-stick coating.

Save up to 90% fat

Enamelled trays are recommended for the roasting of, for instance, breaded products such as rissoles and pork chops. The non-stick coating, QuanTanium®, makes pre-frying in a tilting frying pan unnecessary and reduces the use of fat. This improves efficiency.

CODE	DESCRIPTION	DIMENSIONS (mm)
AFO 476	Enamelled Tray GN 1/1	325x530x20
AFO 477	Enamelled Tray GN 1/1	325x530x40
AFO 478	Enamelled Tray GN 1/1	325x530x60

Perfect grill marks

Enamelled grilling grids are ideal for the grilling of meat, fish, poultry and vegetables. The grilling grid ensures distinct grill marks, excellent taste and quick preparation. Thanks to the non-stick coating QuanTanium®, it is easy to clean the grill tray after use.

CODE	DESCRIPTION	DIMENSIONS (mm)
AFO 479	Enamelled Grilling grid GN 1/1	325x530x20
